<b>Service Name</b>	Internship		
<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING - INTERNSHIP</b>		
<b>Service Description</b>	<p>Internships are a very important element of the process. When companies hire they give more attention to individuals who complete internships because they know that they have gained certain real world experience and knowledge. Internships have been proven to increase a person's chance for employment. Studies have found that individuals, who have completed internships, on average, make about 9% more than an individual who does not have the internship experience (national Associations of Colleges). An internship allows an individual to gain working knowledge, hands on experience, interviewing and negotiation skills, working and building relationships with coworkers and ability to manage time, schedule, and get a feel for their chosen field.</p> <p>VR staff may authorize for optional Wage Add On for a paid internship.</p>

<b>Service Name</b>	Computer Skills Inventory		
<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING – COMPUTER SKILLS</b>		
<b>Service Description</b>	Instructional designers work individually with adult learners to determine their existing, relevant software skills. Software and hardware available is compared to required tools for participation in additional computer-based courses or work projects. Adult learners may assist in the development of computer skills learning plan (CSLP) designed to support their immediate learning and professional goals. A report (no time charged for report preparation) is provided for all parties involved.

## Information Insight

<b>Service Name</b>	Basic Braille Literacy Instruction		
<b>VR Service Code</b>	<b>DISABILITY/AUGMENTATIVE SKILLS NO ACCREDITATION – BRAILLE READING TRAINING</b>		
<b>Service Description</b>	An appalling 70% of working age blind/low vision people are unemployed. Among the 30% who do have jobs, 85% use braille. In three months, I can teach any BSVI Consumer to read and write braille -- and thus render him/her more employable. With Basic Braille, a Consumer can make and retrieve personal notes and files, label files, products, documents, have immediate access to information -- be generally more equal to the sighted print-reading workplace competitor.

<b>Service Name</b>	Computer Training		
<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING – CLERICAL SKILLS</b>		
<b>Service Description</b>	<p>JFSA’s Computer Literacy training program provides skills needed to effectively perform the job search, basic computer-based functions in the workplace, and to enter higher-level computer-based training programs such as Customer Service or Call Center training and Microsoft Office Specialist (MOS) Certification training. Areas of emphasis (depending on need) include mousing, keyboarding, printer and scanner operation, Windows and file management, data entry, email creation and use, and basic use of Microsoft Word, Excel and Outlook. Additional soft skills training are available to each student at no additional charge. We provide weekly soft skills training in communication (including conflict resolution and anger management), enthusiasm and attitude, teamwork, networking, problem solving and critical thinking, and professionalism. Prerequisites: Fifth grade reading comprehension skills or better. If needed, JFSA can administer a Reading Test. One-on-one training based on the needs of the individual is provided supplemented with computer-based exercises and assessments to reinforce and supplement that instruction. Soft skills training is provided in a small group setting and led by vocational rehabilitation professions. Comprehension assessment (see Authorization section below for details). If it is unclear whether Computer Literacy or MOS certification is the most appropriate option, the coordinator or counselor can authorize a MOS Certification Readiness assessment (see Authorization section below for details).</p>

<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING – COMPUTER SKILLS</b>		
<b>Service Description</b>	<p>One-on-one training based on the needs of the individual is provided supplemented with computer-based exercises and assessments to reinforce and supplement that instruction. Each student will learn one certification area at a time. After the first certification is passed, the individual may start studying for a second certification. A practice MOS test will be administered the first day to estimate the length of the training. Soft skills training is provided in a small group setting and led by vocational rehabilitation professions. Classes are 3.5 hours per day Monday through Friday. Afternoons from 1- 4:30 PM are preferred but alternative class times can be arranged if needed. Each certification area requires 4 to 12 weeks of training depending on the needs of the individual. An estimate will be provided following the first week of instruction. • MOS Certification Training. Code as Occupational/Vocational Training/Computer Skills. Authorizations can be written for four weeks at a time at a rate of \$600 per week (1 UOS/\$600). Report writing, staffings, practice and certification testing are included in the price. Please indicate on the referral the desired certifications the student intends to earn and which is the first certification to be taught. <b>Service Name</b>	Agricultural and Garden Center Training (Rising Harvest Farms)		
<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING – OCCUPATIONAL SKILLS</b>		
<b>Service Description</b>	<p>During this 8 week training and skills development program, participants learn routine, day to day farming techniques and safety measures while earning a wage. The Agricultural and Garden Center Training program is designed to provide participants with introduction to and training in learning skills in soil amendment/preparation, seed sowing, propagation, weed/pest control, tool and equipment skills, irrigation, composting techniques, landscape material handling, fertilizing, harvesting, washing/packaging and brining products to market. Participants follow GAP Standards (Good Agricultural Practices) as regulated by the USDA Good Agricultural Practices &amp; Good Handling Practices. Curriculum instruction is based upon the Guide to Minimize Microbial Food Safety Hazards for Fresh Fruits and Vegetables. Position requires standing/walking continuously during the work shift. This is medium level labor work, with reaching, crouching, bending, lifting up to 50 pounds. In addition to teaching hard work skills, the program focuses on building soft skills such as teamwork, fulfilling commitments and producing quality products. While these skills lend themselves to agricultural/farm work, participants have shown transferable skills to retail and other employment sectors.</p>

<b>Service Name</b>	Company Based Work Training—Hospital Setting		
<b>VR Service Code</b>	<b>MISCELLANEOUS TRAINING – OCCUPATIONAL SKILLS</b>		
<b>Service Description</b>	<p>During this eight week training and skills development program, participants will learn the various facets of housekeeping/custodial work in a healthcare setting while earning a wage. The interactive training is hands-on and takes place alongside experienced hospital workers doing similar jobs. Trainees learn how to operate all equipment corresponding to job responsibilities and are expected to become capable of working independently in 3-4 weeks. Emphasis will be placed on good work habits and behaviors, safety, sanitation, work procedures, equipment and chemical use, work quality and productivity. Job readiness is the expected outcome of services. The hospital Environmental Services Department provides site supervision while VGS provides a job coach to ease into the first week of training. Additionally the Project Coordinator will provide case management and direct oversight for the weeks of training. Positions require standing/walking continuously during the work shift and some overhead reaching, crouching and bending. This is medium level labor, with pushing/pulling/lifting up to 50 pounds. In order to determine the referred consumer’s readiness for this program at a competitive work site, the Project Coordinator will conduct a pre-admittance interview. Work readiness has a bearing on selections for participation in this program. A background check will be conducted. Some basic reading is necessary. No placement fee will be charged for those program graduates hired directly after training. Job Search Skills Training is not provided. Project Coordinator follow-up will continue if hired at the training site. The customary job retention fee will be applicable for 30 day, 60 day, and 90 day successful employment retention.
